Dear Cousin - your letter of Dec 31. recd some time ago but had neglected writing. waiting to see the blooms so I could tell you how nice I thought they were but to date have not recd them, they must be lost it is rather strange for both packages to disappear

We like the Wassems very much. She is a charming woman. The son is practicing law in New Mexico

We are glad you are going to make us a visit in the spring. would be glad to have Cousin Jessie come.

Remember me to the family
